Bayside, New York 11360

RE: Greenlight Energy, Inc.

Dear Mr. Hartofilis:

Thank you for submitting your Retail Access Application Package to become an Energy Services Company (ESCO) serving residential and nonresidential gas and electric customers in New York State. This letter is to inform you that documentation submitted in your application package has been reviewed by Staff and established to be in compliance with the New York State Public Service Commission's ESCO eligibility requirements that are implemented by codes and regulations found in the Uniform Business Practices, the Home Energy Fair Practices and other applicable regulations.

I am also pleased to notify you that Greenlight Energy, Inc. has successfully met the Commission's EDI Phase I certification requirements for Core and Utility Rate Ready Transactions effective May 22, 2009. All requirements therefore, for this initial stage of your eligibility determination have been satisfied.

Please be advised that you may now continue with the utility approval stage of the eligibility process by contacting those companies in whose service territories you intend to participate. The utility stage normally consists of a creditworthiness determination, completion of Phase III EDI testing and the execution of any operating or billing service agreements. Please note that each utility's eligibility requirements pertain to only their retail access programs.

Once you have satisfactorily completed the utility eligibility stage, Staff will be notified by the utility of your success. It would be helpful if Greenlight Energy, Inc. notified Staff of the actual production date in the utility service territories you intend to enroll customers. At that point I will confirm that your final eligibility requirements have been satisfied.

Be advised that to maintain your ESCO eligibility, you must notify Staff of any substantive legal, financial or business related changes to your company as they occur. If your business plan changes and you decide to expand your service offerings by choosing to participate in any of the ESCO referral programs or move into other utility service territories, you must immediately submit the appropriate documentation for Staff review and determination of how it affects your current eligibility.

If you are using vendors to provide ESCO related services (e.g., EDI), the ESCO remains fully responsible for any activities the vendors perform. If you have not already done so, or if you have changed vendors since last reporting them to us, please provide Staff a list with contact information for all vendors that you are now using. Finally, you must submit a statement annually, by January 31st, indicating that the information in your original or most recent updated Retail Access Application remains current, or submit a statement identifying revisions. Upon completion of our review of new eligibility information, Staff will then update your eligibility status as necessary.

We will only post your company's contact information on our Website once you have completed the eligibility process and are ready to begin enrolling customers. Please do not hesitate to contact me if you have any further questions or concerns at (518) 486-2432 or Christine_Bosy@dps.state.ny.us.

Sincerely,

A handwritten signature in cursive script that reads "Christine A. Bosy".
